**1. Get Up and Dance.** Boogying to the beat during pre-game before a tough football game against Fountain Valley are pepsters Kim McClain, Terri Williams, and Tina Lim.

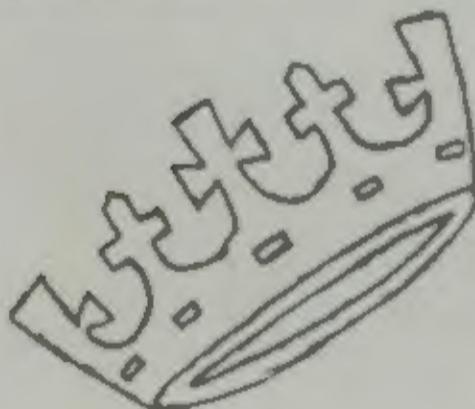

**2. Almost There.** And the banner goes up (almost.) The "Go Lions" banner made by last year's pepsters has become a familiar sight to football players as well as fans.

**3. But I Just Took A Shower.** Harold Mucciello seems to take pleasure in dousing his date Christy Zimmerman, a member of the Homecoming Court, with oatmeal. This act has become a yearly ritual between escorts and candidates during Homecoming week.

**4. Not Another Tourist!** A white nose, dark sunglasses, and instamatic in the pocket, and a very bright shirt are all part of Lance Robertson's "Hawaiian" get up for the Senior Luau.

*Front page 1. Time For a Snooze.* Mr. Mrs. Tassers biology class isn't boring. Gary Latronica just got to sleep a little late the night before.

**2. In the Distance.** Looking away from her work, Denise Hirber glances over her shoulder. Gary looks pretty comfortable.

6:00AM and a blast of today's hits blares over the radio. The dreaded thought of school drags through my head as I get back into the old, so familiar routine of drawing my morning water. Where did summer go? I can still feel the sun's heat beating down on my skin and the sand between my toes. The thought of getting to bed before eleven sounds close to impossible. School, I will have to readjust from the plushness of my beach towel to the cold, stiff feeling of a classroom chair. I can see it now, the test papers, spanish books, and Shakespeare staring me in the face.

1. *Involved in Illusions*, junior David Hofmann finds the book *Illusions* by Richard Bach more interesting than lunch.

2. *They've Got the Beat*, Leaning to the left, back to the right, and the beat goes on. The drum line performs one of many intense routines.

3. *Too Busy to Stop*, Dancing, bopping, and moving to the beat is only one thing there was to do at the Senior Luau. Too busy to stop are seniors Joy Lackey, Jeanine Aguirre, Karen Garcia, Dee Dee Rodgers, and Elsa Perez.

4. *Off in a Daze*, Looking off into space after a tough second period is senior Carrie Bogan.

5. *In a Bin*, Photographs are only one thing Jack Vandermoen enjoys. He seems to like standing in local trash cans even after the campus is closed.

6. *What a Reach*, With his opponent close behind Joe Miller of the sophomore water polo team reaches out to pass the ball to a close by teammate.

Pushing, shoving and scrambling. Oh, how could I forget all this? I sometimes feel being a kamikazi pilot might be of some value when trying to squeeze through crowded halls. It's all the same way I left it last year. Oh yes, Dr. Eastwood still comes the walkways making his daily appearances. The walls are still the old beige, green, and yellow, screaming out for life. Talks of delight over the cute boy or girl in third period still fill the halls and it's all underway once again. School is no longer a distant thought three months away. It is now a reality.

# Lions Take the Reign

Four more days and the term paper I was told to start three months ago is due. I have a mid-term in English and geometry angles have me climbing the walls. Heavy loads are being carried by seniors in order to graduate with honors while sophomores and juniors engage in a lighter load of classes. Study; test Friday. Do assignment number six. All of it echoing in my brain. Though I am told that studying is the most important part of school, Friday night sounds great.

# It's Cheerleading Try-outs Once Again!

It's time again for the annual cheerleading try-outs. This year there will be a new team. The try-outs will be held on Saturday, January 25th at 10:00 AM. All interested students should come to the gymnasium at 9:30 AM. The try-outs will consist of several different events. The first event will be a dance routine. The second event will be a tumbling routine. The third event will be a cheerleading routine. The fourth event will be a vocal performance. The fifth event will be a physical fitness test. The sixth event will be a interview. The seventh event will be a final round of cheering.

for what reason. The major unit is to promote spirit up in the school and this year's group was no exception.

The pepsters successful year got started by cheering on our C.F. 4A championship baseball team at the **Big A!** Next the entire unit attended the NCA (AIA) camp at the University of California at Santa Barbara along with the Drill Team where they gained much knowledge in the art of spirit having and received awards for their.

Honors received were 5 spirit sticks numerous ribbons and for the second year in our Varsity Flag team received Award of Excellence Megaphone. The Bag Routine performed at a pep rally was just one of the ideas brought back from camp.

# A Pace Well Set

This season for both the Varsity and J.V. Cross Country teams started out looking like it would be another year of hard work and little success. However, after some hard training and turning athletic talent into skill, the team's success next year will be much more than expected. This year was unusual, occurring during the first year of the new school year. There were no seniors on the team, so the team was very young.

J.V. Next year, however, will be different. The team will not happen because of our returning Juniors, consisting of Kyle Morton, Steve Ramsey and others who rageously conquer the rough sport.

# Tennis, a Racket that Never Quits

The tennis team had a slow start, but kept their spirits high throughout the competition. They proceeded to work hard. Sherry Baie a former W H.S. teacher says that "the team exceeded their playing capability." Terri Ryder, a W H.S. senior stated that even though teams didn't finish on top it has been a season of growth, and next year problems will be worked out and corrected. It was said that Miss Baie has great knowledge of the sport and is very supportive to the team. In years to come teams will progress and obtain high goals.

# Lions Have a Tough Season

By Mark L. Johnson  
Sports Editor  
The Lion's season was a difficult one. The team started off strong with a 4-0 record, but then faced some tough competition. They lost their next four games, which put them in a difficult position. The team then rallied and won their last three games, finishing with a 7-6 record. The Lions played well throughout the season, but they just couldn't seem to find the right balance. The team had some great moments, like when they scored a touchdown in the final game of the season. Overall, it was a challenging year for the Lions.

## Girls' Track Team Runs the Distance

The girls' track team had very few printers return from last season's team, but many distance runners did return. The girls' team was merged with the boys' team and both teams trained together under the direction of Coach George Pascoe. Sprinters returning from last year were Kim Sharp, Kristi Nutt and Dawn Boeke. New additions to the team were Wendy Beneux, MixMisty Plum, Serene Hagerty, Cassandra Shauhan, Cathy Locke and Eve Schneider. Running hurt for the second year was Debbie Hudd. Returning for distance runners were Laura McCracken, Linda, Cathy Ponti, Bobbi Rubio, and Cathy Camiro. Joining the team for the first time were Mandy Weller, Kristi Nutt, and Dawn Boeke.

# Baseball Team Eager to Equal the Champions of Last Year

The baseball season was full of inexperienced but hard working players. Led by Coach Hayes and his two assistants, Bob Owen and B. E. VonEus the team demonstrated talents ——— minded and tried hard.

Coach Hayes did an outstanding job  
with which 14 of  
the players. This was the first  
time the team accepted 4 sophomores  
Edie Pimentel, Dave Wuey, Tim Han-  
son, and Marty Rodriguez, who all showed  
great ability.

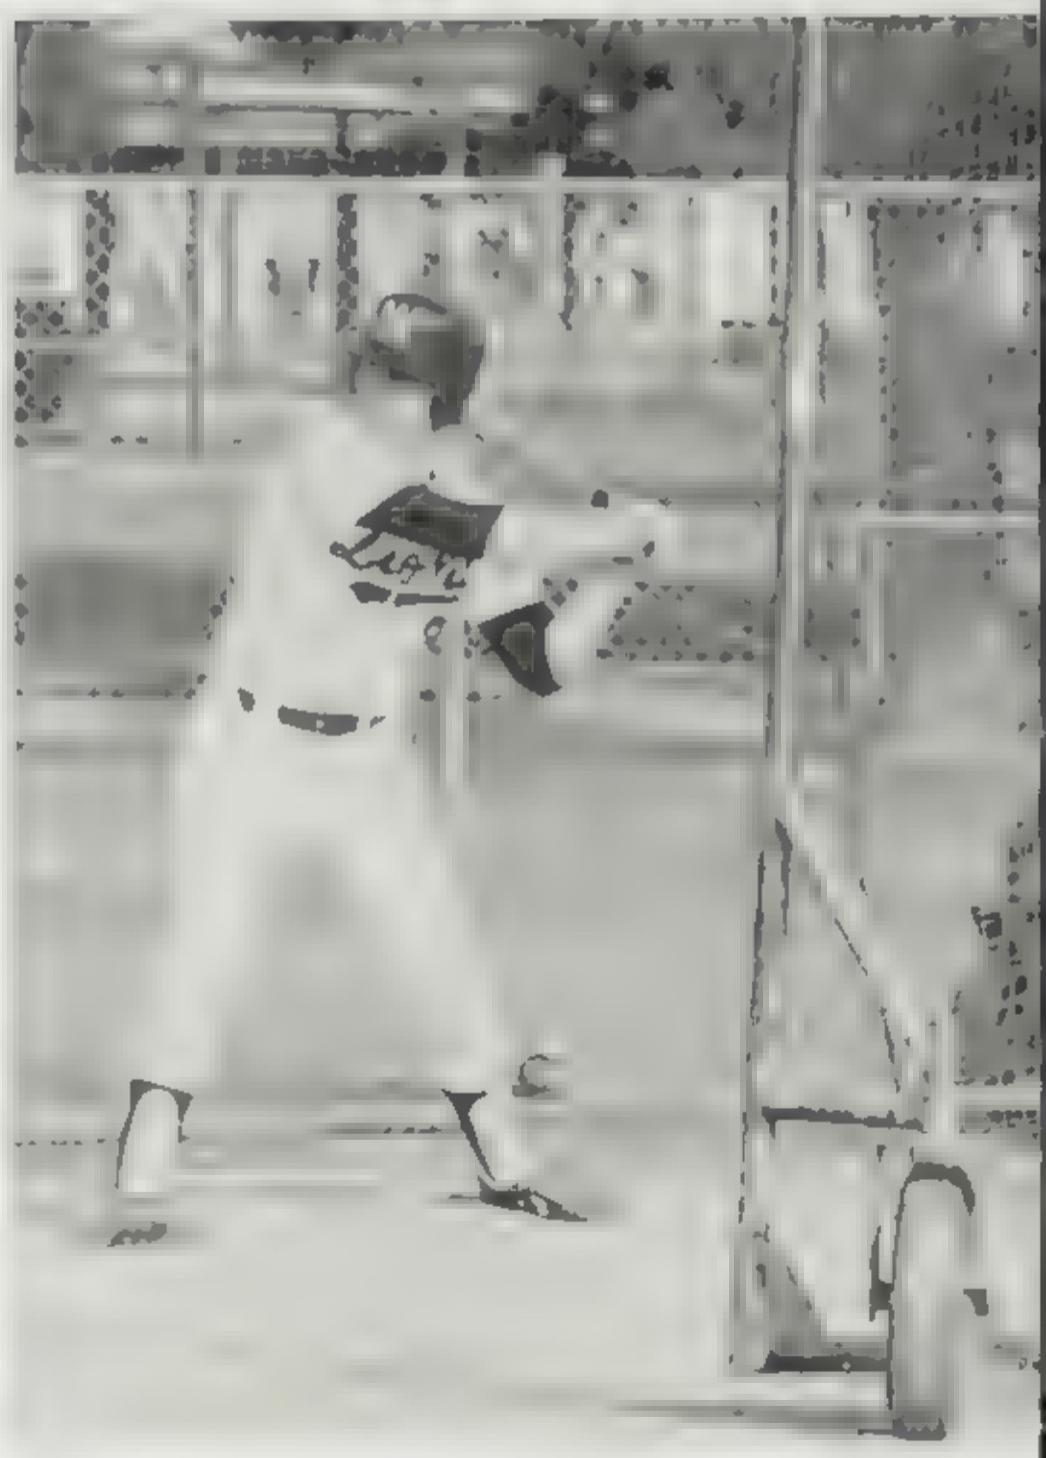

Junior new comers were Bobby Goode Tom Naro at Ron Hartman. Steve Butz Rick Gutierrez and Tim But Ruben Maciel Dan Weatrowski Ron Mowery, and Jerry Bailey were the 4 senior new ones.

Five senior returnees from last season's CIF championship team were, Gerardo Lomas, Steve Osborne, Edwin Mitchell, Lance Aoki, and Danny Wong. Gerardo being the only return starter shared the responsibilities of team captain with Danny Wong and Edwin Mitchell.

The possibilities for a repeat of a .500 record depended on strong fundamentals, Hayes said. "It all depends on how the guys react against pressure because of the teams inexperience." Pitching and defense were the keys to the LIONS' success.

# Boys' Track Runs Against all Odds

In the early part of the season the track team took first place in the Santa Ana relays in the two mile relay. The relay team consisted of Mark Dalrymple, Kyle Morton, Steve Ramsey, and David Kontoes. These young people hustled and putted their way to the finish line beating at least eight different schools.

Other outstanding runners were for distance — Eddie Garcia and Eric Berg; and sprinters — Jack Trani, Allen Riggins, and Mark Wood. Ron Wood, WHS's trainer commented that long-distance runners keep running until they die and then get up and run some more. Head coach, George Pascoe believes that work was what it would take and as long as the team stayed motivated they would go places.

# Tennis Teams Backhand Their Opponents

The tennis team was a young team led by a new head coach. It was a learning experience for the whole team. There were four returning players: Ray Gonzalez, Eddie Horn, Perry Enget and Robert Uershara. Though young, the team had a fairly good season. Under the new leadership of the first year coach, Quan Nguyen, the team learned many new things. Although the team faced strong competition in League, it played well together and had fun.

# Gossip Provides a Favorite Pastime

At the most essential tool of this pastime was the telephone, especially among school girls.

The high school girls used them because they enjoyed the use of the lonely voice box a very great deal. Gossiping and visiting were very favorite pastimes of most students, and the best way to spread it. Favorites included roman es purmaments and parties many more.

Another method of private communication was their parents' area local pay phones. These phones though proved to be more of a hassle than they were unavailable due to Alexander Graham Bell's drastic changes.

But at various times, girls would homework answers, dates and all with the ring of a bell.

### House of Lords Reigns in Ye Olde Campus Shoppe

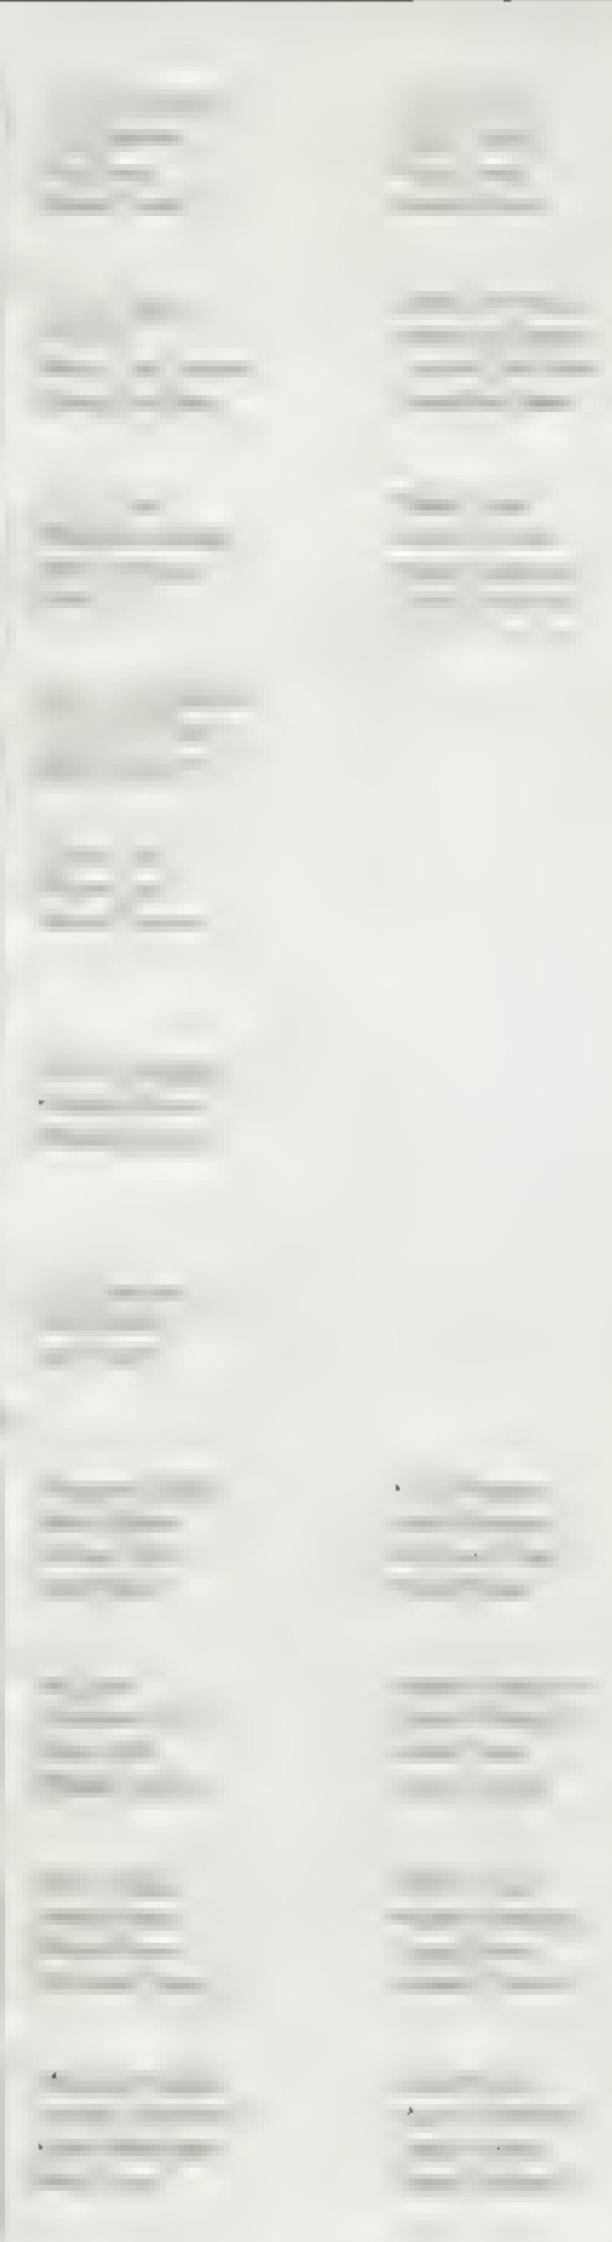

In order to provide a place for students to buy school supplies, the idea was voted upon by the Student Government Association with Michele Lanqus as the president. The House of Lords, which is run by the SGA, maintained the same hours as the school year. It is open from 7:30 a.m. to 3 p.m. on school days. It is also open during the summer months. This is also a time for students to work and earn money by ordering good quality items. A portion of the money can come from the Student Body budget and the rest will come from the sales of the shop.

The shop is located in the basement of the school. It is open to the public and is open to all students. It is a great opportunity to gain valuable experience by handling money, working & cash register, and other jobs.

## Fantasy Game Fills Leisure Time

A few years back, a new game arrived on the scene. It started slowly but quickly became the lastest craze in the United States. The game is called *Dungeons and Dragons*.

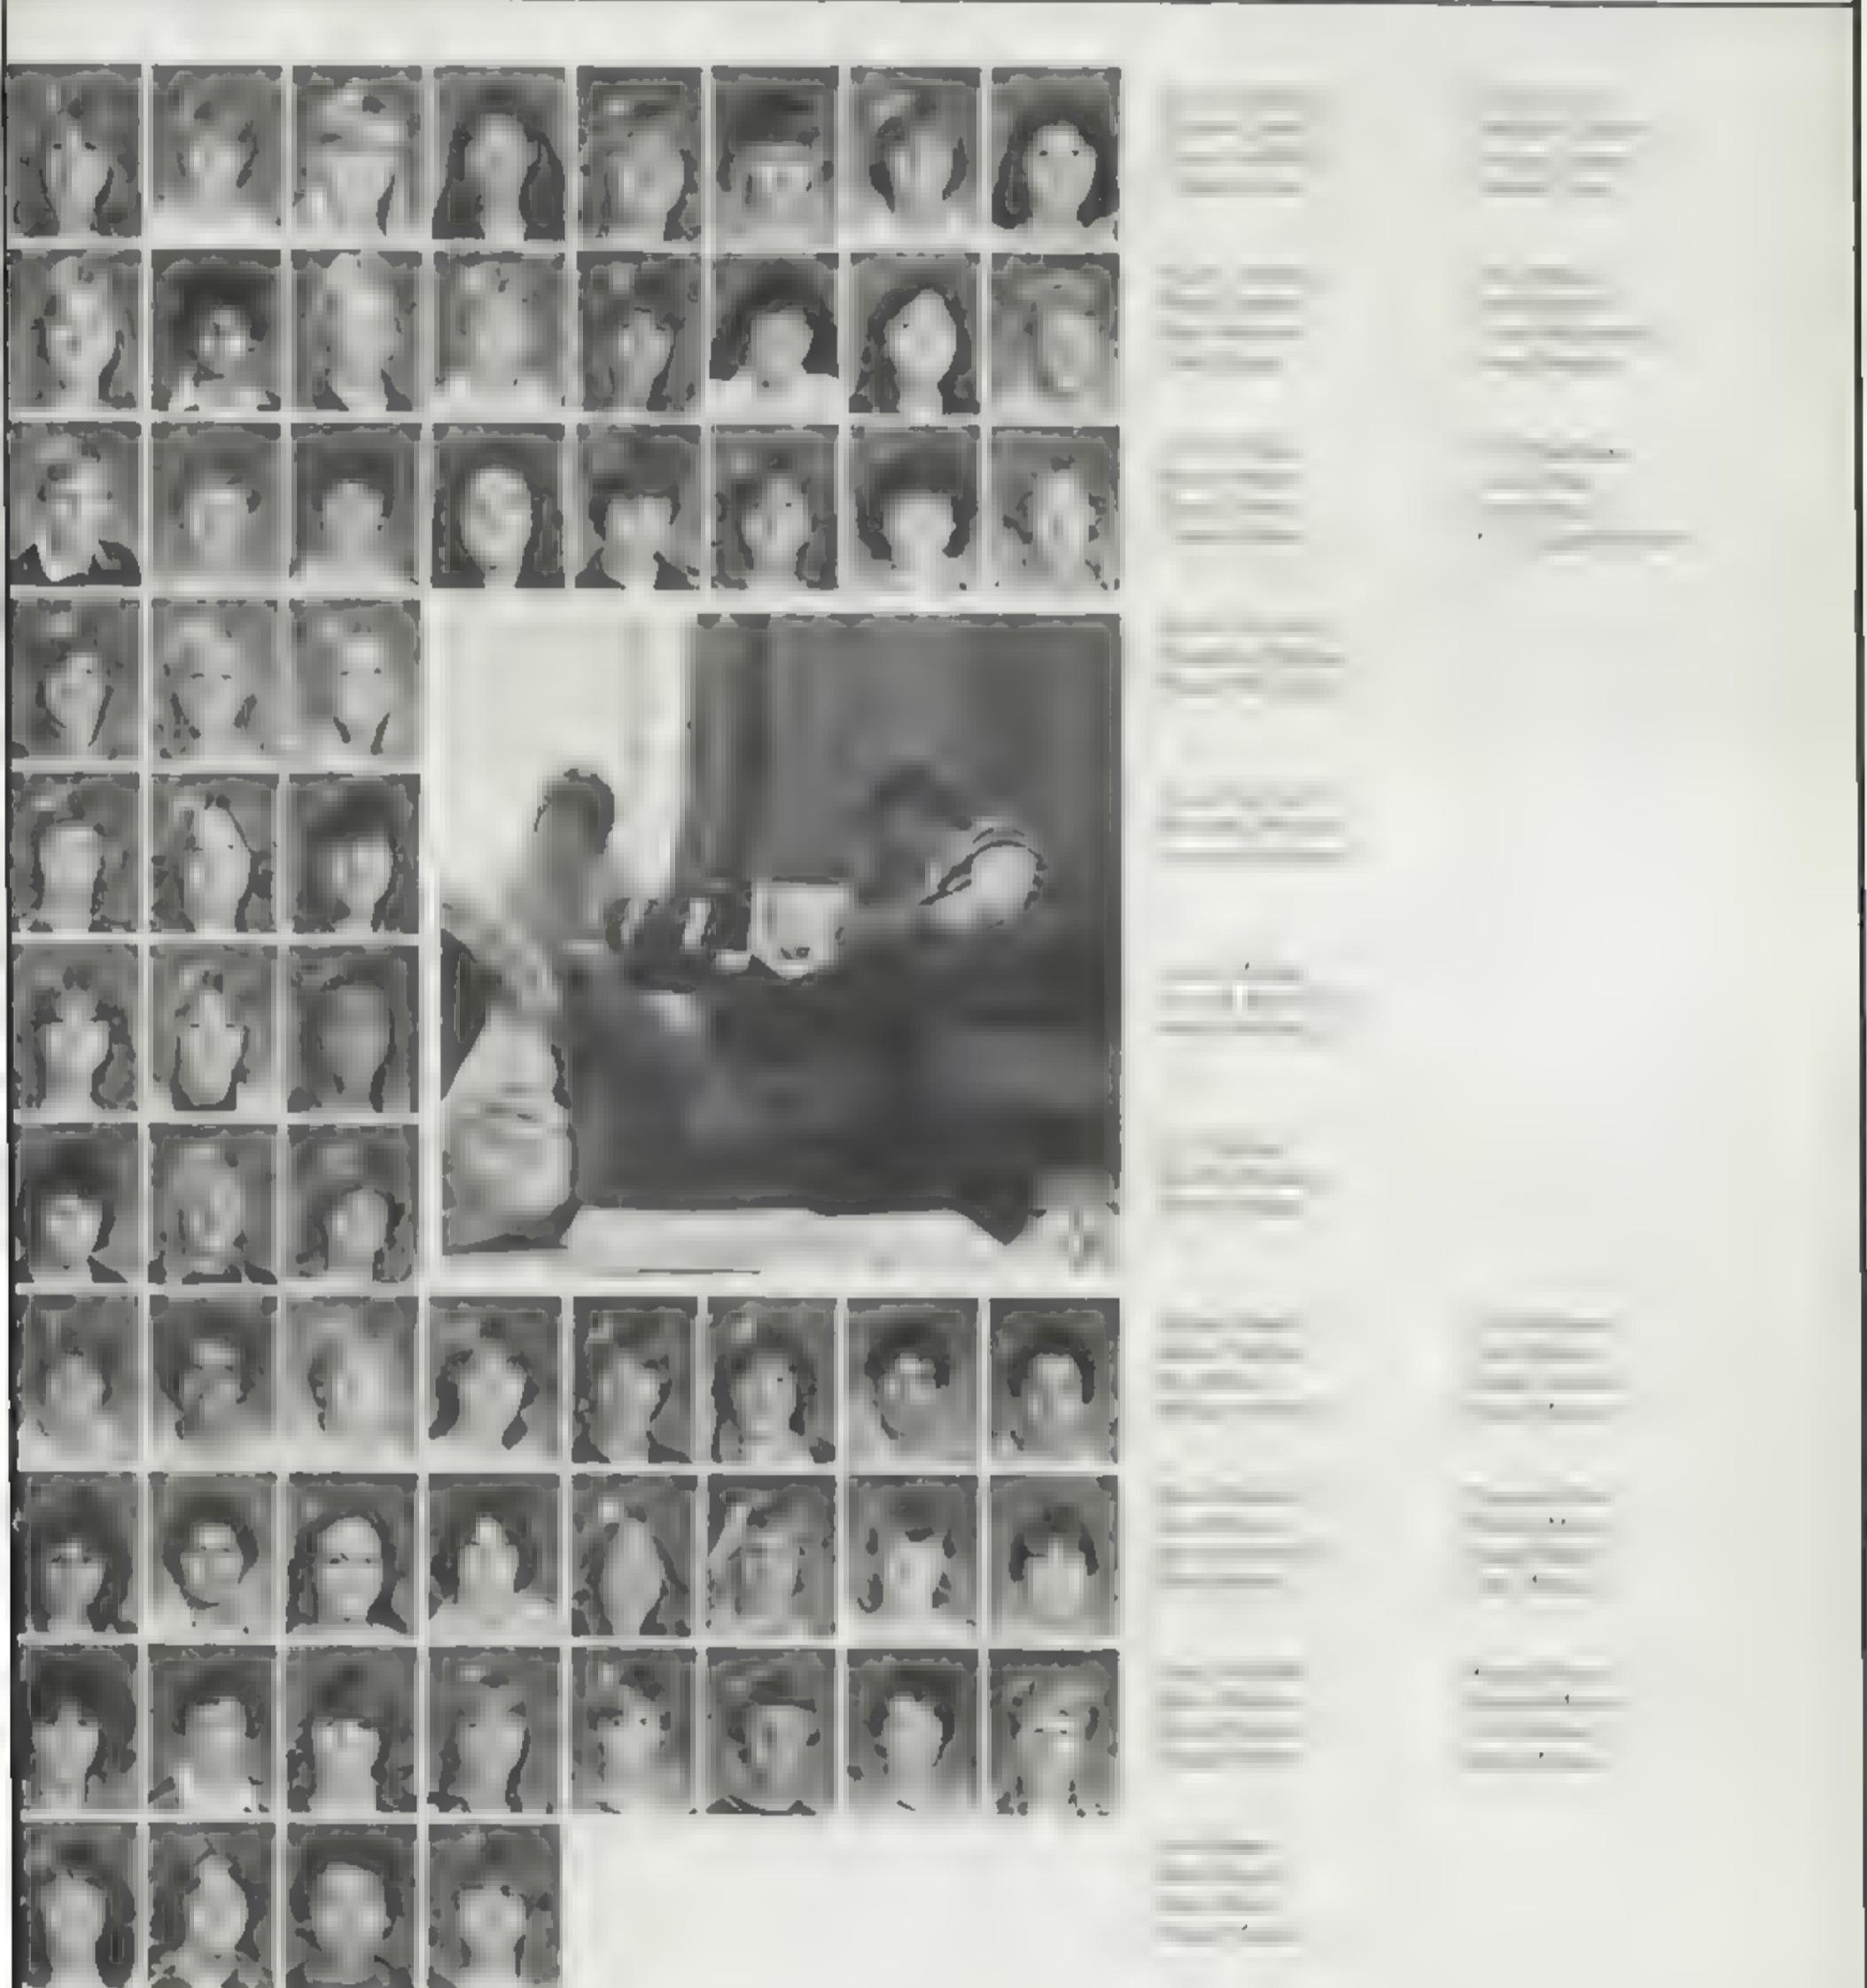

This is a game based on imagination. Situations are determined with a system of dice rolling. The game is based on fantasy or *swords and sorcery*. Each player has his own character with unique abilities and unlike other game characters are determined by dice rolling, making each character have its own specific aptitude in strength, wisdom, intellect, and physical condition. This determines the race and class of the character. The term **class** refers to such as a warrior, wizard, or thief. Races include dwarves, gnomes, and halflings. Each race and class has its own advantages and restrictions. The game is supervised by a referee known as the **dungeon master**. Characters can increase in ability and increase in age.

As to the people who play the game, there has been much recent speculation. When the game first came out, a strange crowd first took up the game. These were mainly people who escape and withdraw from society. However, in the last few years, more people, most of them bright people, are looking for a game that stimulates their intellect yet lacks monotony. Chess, have begun to take a back seat to *Dungeons and Dragons*.

### The Cube Captivates the Commoners

Around the campus, in quiet classrooms all that could be heard was a Rubik's Cube that the students were trying to solve.

Erno Rubik, a professor at Budapest University of Technology and Economics, invented the cube in 1974.

In addition to Erno Rubik, Tetsuro Ishigo, an engineer in Japan, also invented the cube. Both applied for patents in 1974, but the cube became popular in 1978. However, the United States did not ban it until 1982.

"I could go either way on the Rubik's Cube, but most of the time it frustrates me," said Brian Kingsbury.

"It's a challenge, but I still want to figure out how I can do it," said Ben Shaw.

"For me the cube is an obsession though I can only complete two sides. I am determined to finish the cube no matter how long it takes," said Beaman.

But for others it is fun.

"To me this cube is like chess cause you don't know exactly how to act. I can do it, but I like to play around with it to figure out patterns," said Kingsbury.

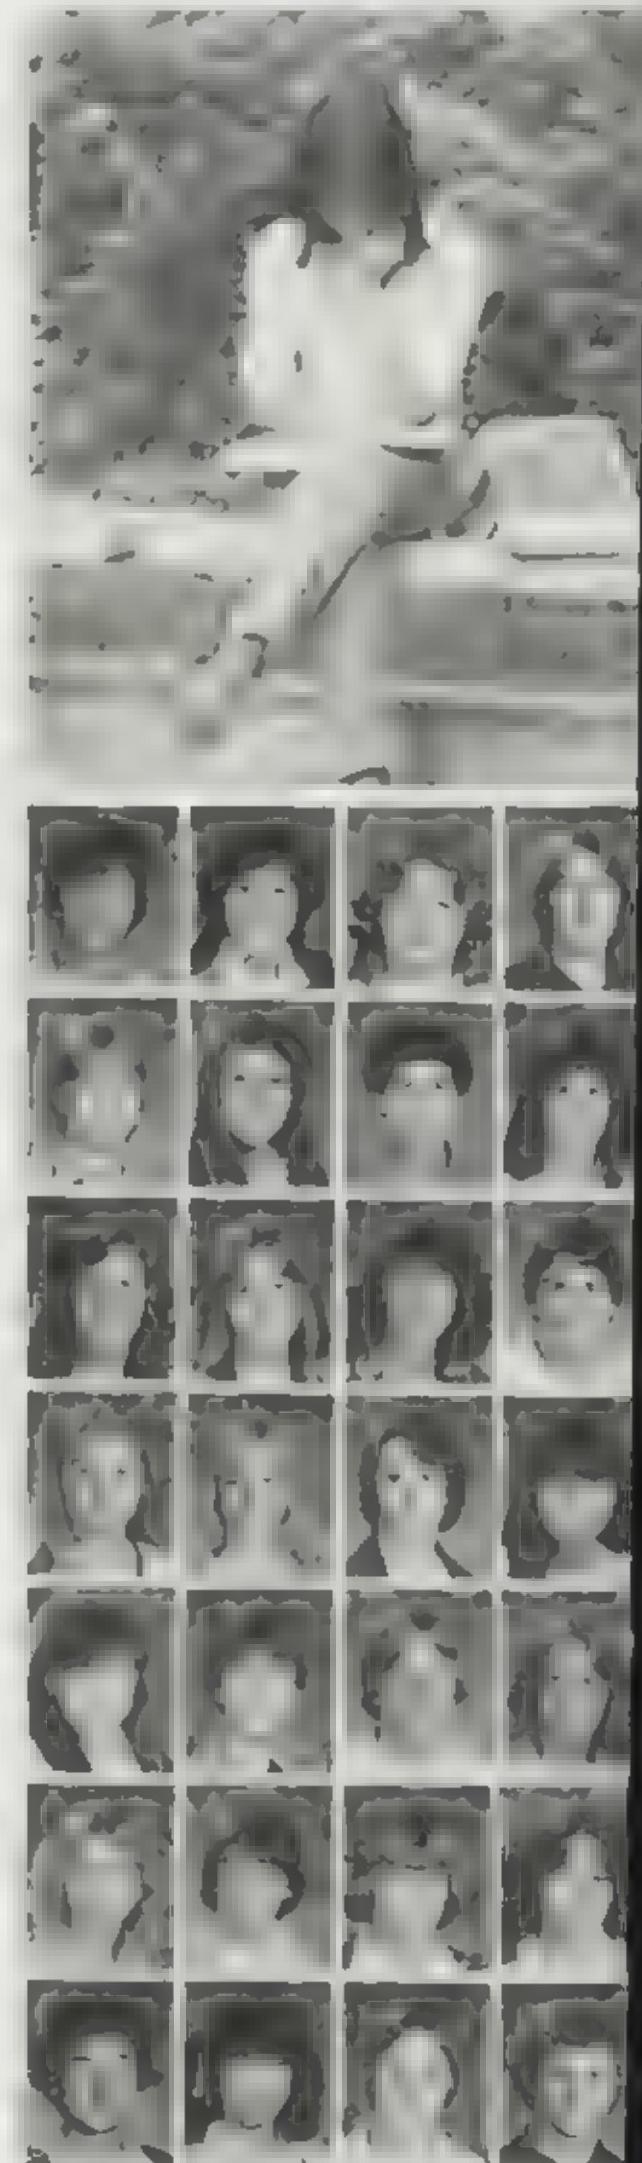

What is the Rubik's Cube? It is a complex personality, as well as a young puzzle of a renaissance era, said Nel Soler.

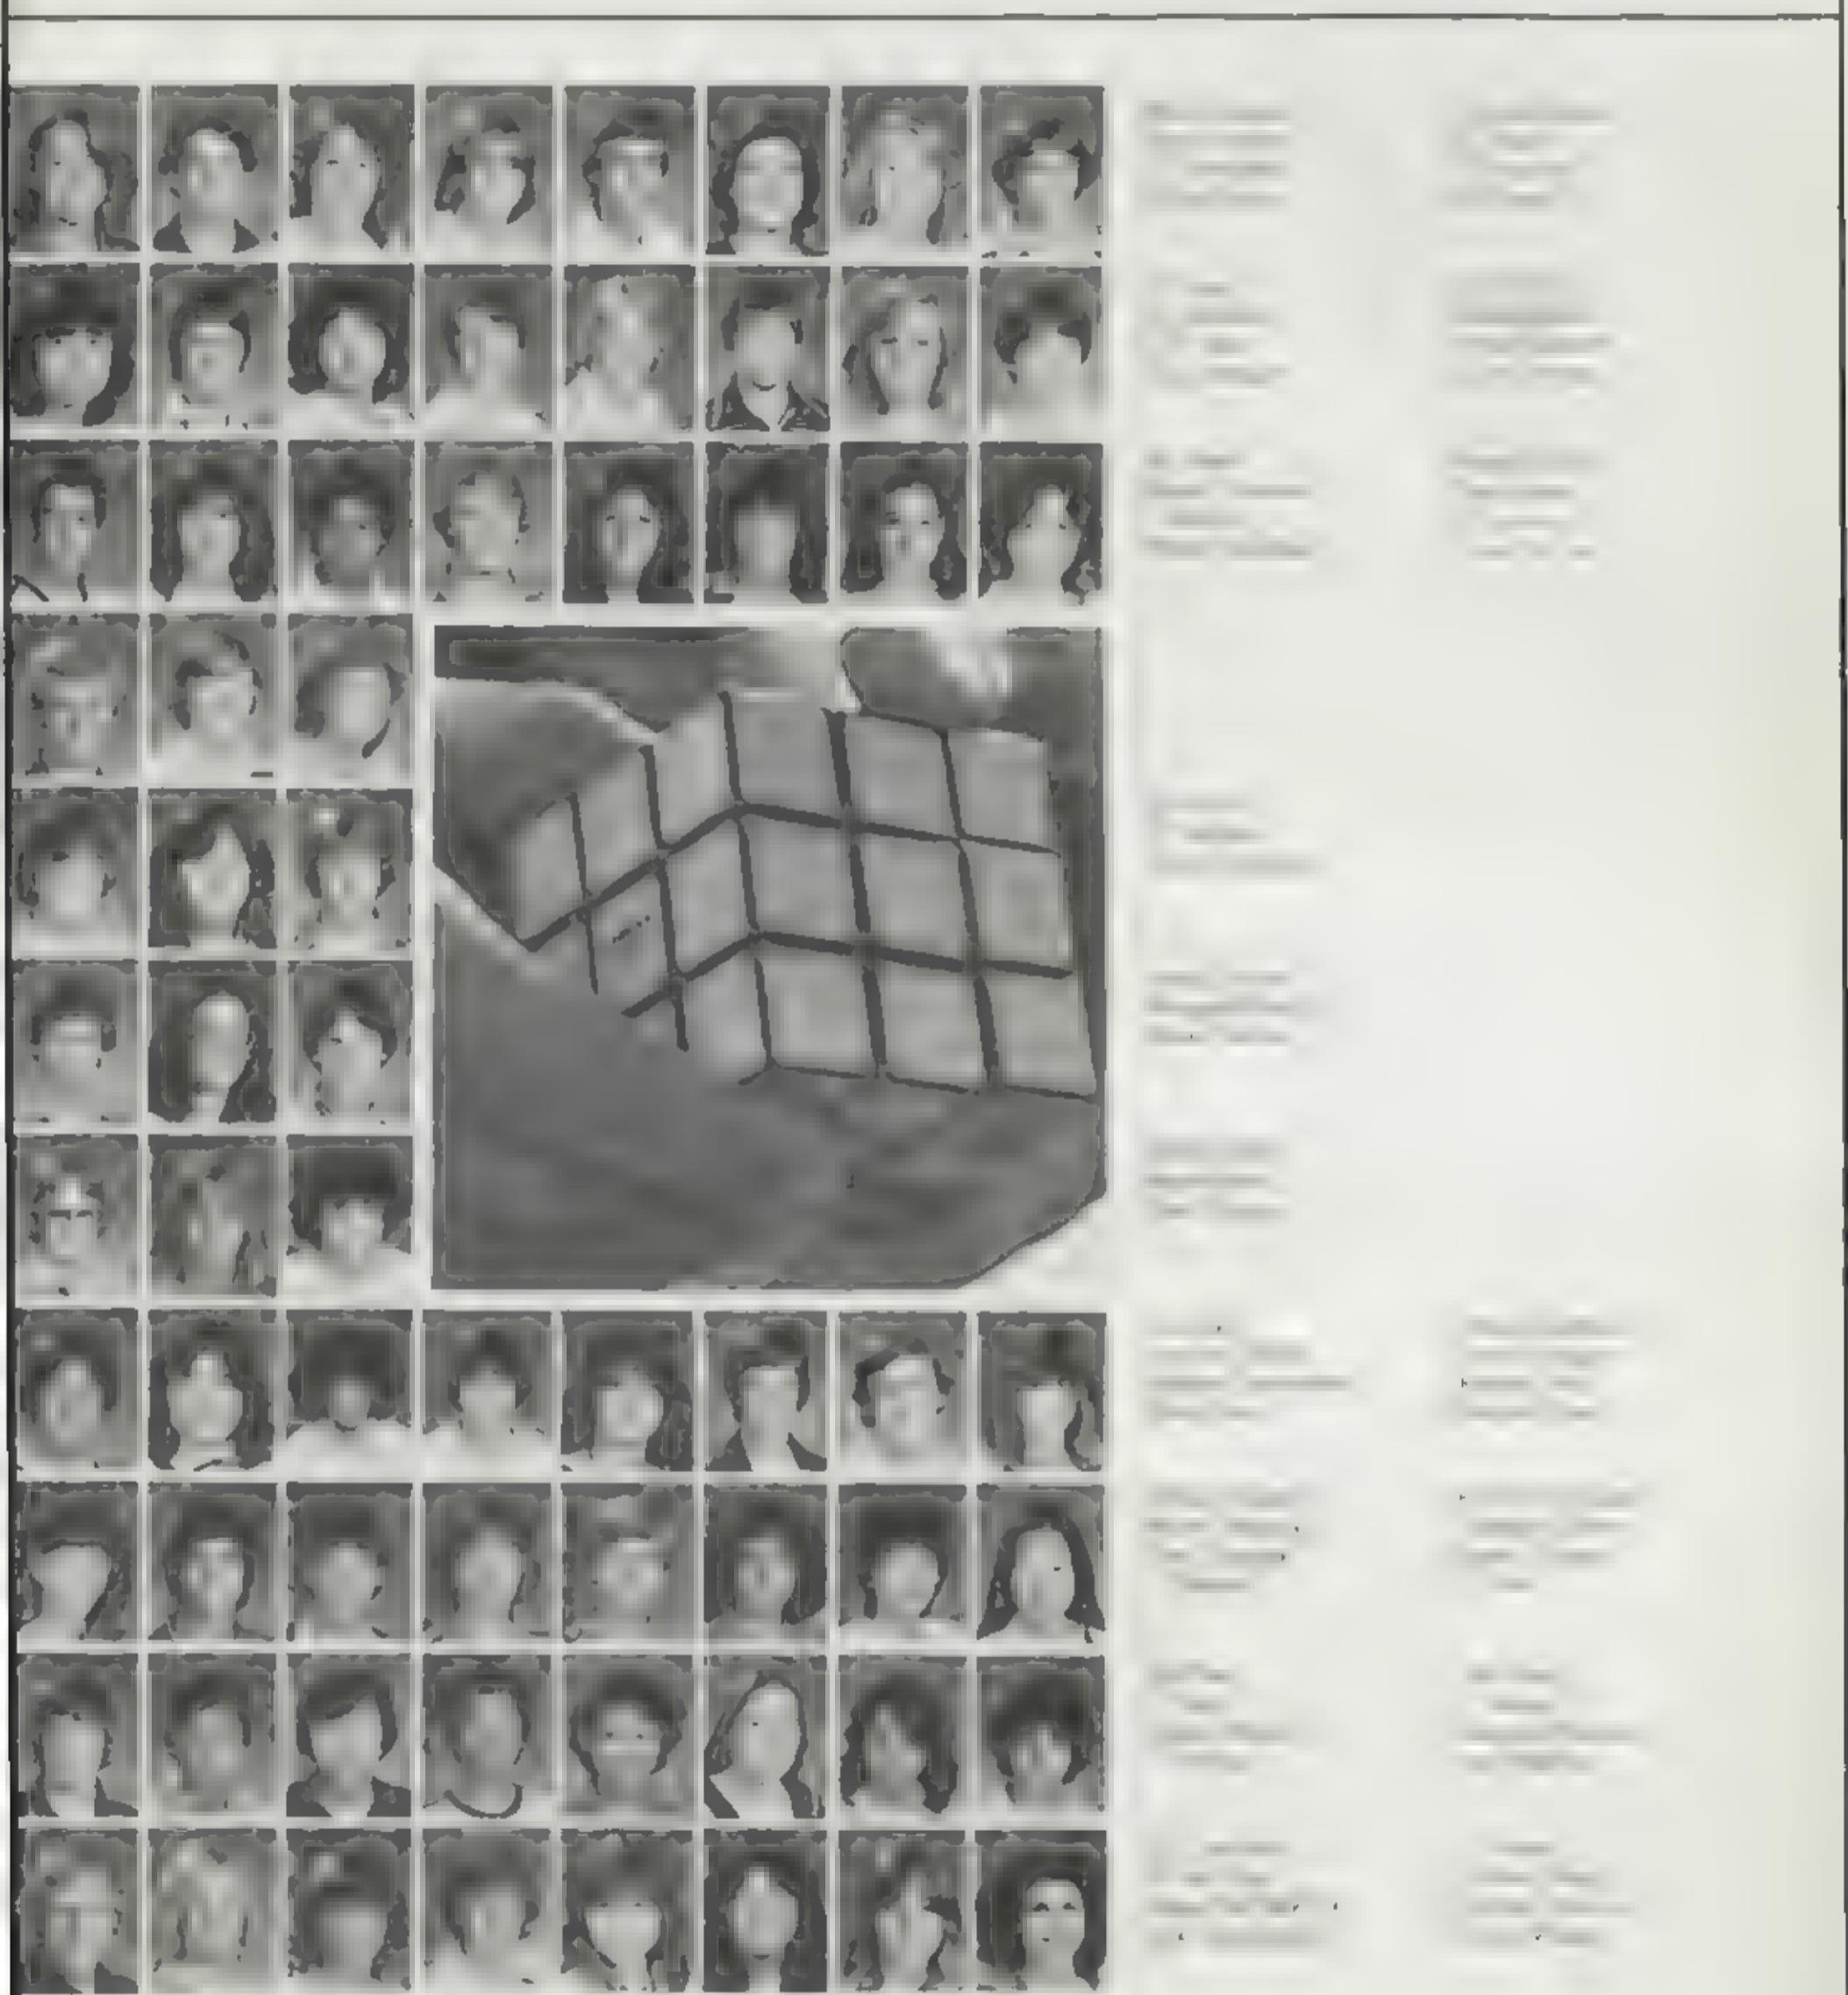

"The cube is a masterpiece of mathematical precision and is the product of a warped mind," said Matt Mitchell.

"I like the Rubik's Cube because it annoys my teachers and gives me something to do in class," said Anonymous.

### CROP is Experience

Coastal Regional Occupa-  
tional Program (CROP)

ENTRIES  
Students were placed in pa-  
rticular areas divided into  
several sections. Because CROP is a joint  
program between school districts, funding was provided  
by state, county, state and local taxes. Therefore no  
one student was assigned to more than one section.  
In all, fifteen hundred students worked in the classroom or  
the job and in the classroom. Students obtained additional information on CROP  
from the Career Guidance Center.

Students involved in CROP voiced their opin-

ions on the experience.

## The Super Sport of Scuba

What is that? We had Scuba Diving???? Yes that's right we had scuba diving here during the first quarter. Scuba diving was offered instead of regular P.E. It was first offered to juniors and seniors but if there was an opening, a lower classman could enroll in it also. All participants had to take a swimming test, first by treading water for ten minutes then by swimming a short distance. The students were in the water for three days and in classroom for the other two. They first learned to dive in the lake then later they started to use the air tanks. They were all provided a chance to go and meet different people by going on trips that were set up for them. At the end of the course any of the students who wanted to get their diving license could do so for a small fee of eighty three dollars.

# Valedictorians Reign in Academics

Valedictorian is a title given to the top student in a class. To become a valedictorian one must achieve high grades through all four years of high school. Students who are valedictorians are often considered to be some of the best students in their class. A valedictorian is usually chosen by the teacher or principal.

Ennis Odawwa and Carrie Bak were the students who achieved the highest grade point average.

Carrie Bak was chosen as the valedictorian because she had the highest grade point average.

Carrie Bak has been involved in many extracurricular activities. She has been a member of the drama club, the band, and the choir.

# Herbie Campbell and Dana Haskins Reign as Athletes of the Year

Herbie Campbell was involved in many sports in high school, making this title well deserved. He was in football all four years. He played volleyball and was in track.

Aside from sports, Herbie worked at a supermarket as a boyboy. In his spare time, he enjoyed surfing, jogging, and lifting weights.

Dana Haskins truly deserved the honor of being Most Valuable Athlete. She played basketball, soccer, and gymnastics. She was Most Valuable in gymnastics her freshman year. She was also Most Valuable in basketball, and Most Valuable in soccer.

Dana enjoyed three years with AYSO and the Soccer team, and was with SCATS Gymnastic Academy for four years.

Danny Wong Most Inspirational Athlete

## Danny Wong and Lisa Cox honored as Most Inspirational Athletes

Danny Wong earned and deserved this title. Having done an outstanding job on the football, baseball, and basketball teams throughout his high school years. His participation in these sports taught him many valuable lessons, such as teamwork, competition, and the importance of hard work and dedication to compete at the highest level.

Lisa Cox was nominated for Most Inspirational Athlete because she has overcome many challenges in her life. She has been diagnosed with a rare form of cancer, which has required her to undergo chemotherapy and radiation treatments. Despite this, she continues to play volleyball, her favorite sport. She has missed several games due to her health, but she always tries her best to participate. She has also faced other challenges, such as being a single parent and dealing with financial difficulties. However, she remains positive and determined to succeed. Her extracurricular activities include CSF and Bible Study meetings, as well as riding her bike and reading books.

## SENIOR MEMORIES

**King Michelle** Rhubarb

But I'm afraid  
I don't know how  
to do it well, so I usually just  
put it in the trash & forget about it.

**Kissell, Debby** Spent my life in  
the hospital & taught children  
to do the same. Now I'm  
here with all my old  
friends & we still do it together.

**Kroloch, Jim**

It's been a long time since  
I last sang, but I still have  
a few songs left.

**Kreuter Anna** I can still sing  
but I'm not in a  
group right now.  
I'm still working  
on my voice though.

**Kuzmin, Svetlana** I used to sing  
with the choir at the church  
in Kirov, Russia. I still  
sing in my spare time.

**Lachey, Day** I used to sing  
in the choir at my church  
in Canada. Now I'm here  
and I'm still singing.

**Languis, Michelle** I used to sing  
in the choir at my church  
in Canada. Now I'm here  
and I'm still singing.

**Lansley, Linda** I used to sing  
in the choir at my church  
in Canada. Now I'm here  
and I'm still singing.

**Lauver, Richard**

**Leavest, Dolinda** Now I just sing  
in the choir at my church. I'm  
not in a group right now.

**Letourneau, Gary** Always sing songs  
in the choir at my church. All my  
friends sing in the choir at my church  
so I sing too.

**Lepine, Louise** I used to sing in  
the choir at my church. Now I'm  
not in a group right now.

**Lemhiser, Sonya** This is the memory  
of a good friend. We're still in touch  
but she's moved away. She's still  
singing though.

**Leslie, Steven** I used to sing  
in the choir at my church  
but I'm not doing it anymore.

## Castle for Brides

## Four things you should know

Are you going to heaven?

**1**

Every single one of us has sinned

"For all have sinned and fallen short of the glory of God." Romans 3:23

**2**

Because you have sinned, you are doomed to eternal death

"For the wages of sin is death." — Romans 6:23

**3**

unless you accept the gift of eternal life and ask Jesus Christ into your heart

"...but the gift of God is eternal life through Jesus Christ our Lord." — Romans 6:23b

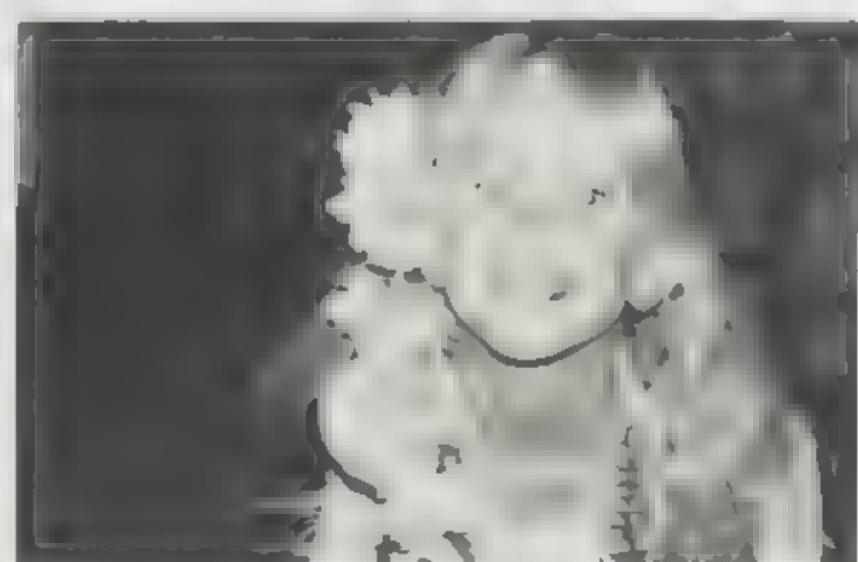

**4**

Finally there is hope! Jesus' death on the cross takes the place of your death—indeed your salvation!

"...that those who confess with thy mouth that thou art Christ and with thine heart that God hath indeed raised him from the dead, thou shalt be saved." — Romans 10:9
